

Final Cut Pro Training

1. In the Applications/Apple/Final Cut Training folder, open the 01_Introducing Final Cut Pro.pdf.
2. In the Applications/Apple/Final Cut Training/01_Introducing_Final_Cut_Pro folder, open the 01_Intro_FCP_Starting project.
3. Follow the PDF as you build a Final Cut Pro project. If using a dual monitor editing station, you can place the PDF in the left monitor.
4. To switch between the two applications Preview and Final Cut Pro, press Command-tab (the Command key is next to the space bar).

It is highly recommended that you complete both the 01_Introducing_Final_Cut_Pro and 02_Mastering_Final_Cut_Pro lessons.
